## CONSULTING SOLUTIONS

CHEMTREC's consulting team is here to optimize your preparedness, so that when a call comes, or an incident occurs, your team knows what to do. Our accelerated response and recovery capabilities can cut initial activation times in half, allowing you to get back to normal operations quickly.

Speak with a member of the team today to see how we can enhance your CHEMTREC account, optimize your preparedness, and accelerate your response and recovery.

### OUR SERVICES

- Assessment and Prevention
- Preparedness
- Response and Recovery

### KEY BENEFITS

- Clear roles and responsibilities throughout the response
- Streamlined communication flows
- Rapid cleanup & remediation activation minimizes time of materials on the ground
- Bespoke prevention, response, and recovery strategies
- Builds confidence in your responders
- Have your plans evaluated by an external body for effectiveness and benefit from excellent industry practices that extend beyond your internal expertise

## OPTIMIZE YOUR PREPAREDNESS, ACCELERATE YOUR RESPONSE AND RECOVERY

### WHAT OUR CUSTOMERS THINK

**Readiness Assessment:** “The best money the company has ever spent” – Director of Risk, multi-national manufacturing company

**Plans:** “The plan has created clarity throughout our response. Clarity in how we activate, clarity in who we escalate to and how, and clarity in our roles and responsibilities.” - Incident Management Lead at a chemical facility

**Training and Drills:** “The whole day was outstanding, start to finish, best one day course I have attended in 20 years.” - Senior Officer, London Fire Brigade
